SOGLIE

Accanto ai profili tradizionali, Olimpia ha concentrato la sua attenzione su nuove soluzioni, che si distinguono nel mercato per i migliori standard di isolamento termico e per l'applicabilità a tutte le situazioni produttive.

THRESHOLDS

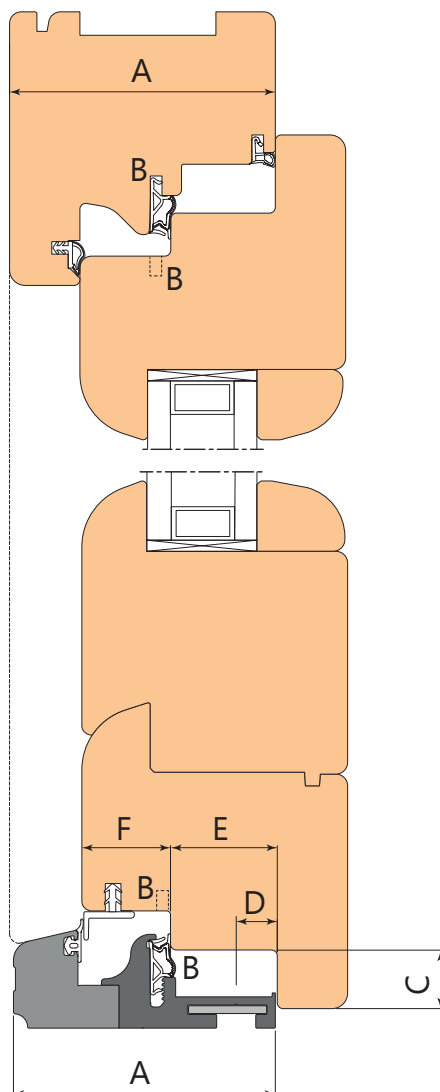

Next to all traditional profiles, Olimpia has focused its attention on new solutions, so to meet the maximum versatility in the window production process, ensuring the highest standards of thermal protection.

SEUILS

A côté de profils traditionnels Olimpia a étudié des nouvelles solutions qui présentent au marché les meilleurs standard d'isolation thermique et capable de solutionner toutes les exigences productives.

UMBRALES

Junto a todos los perfiles tradicionales, Olimpia estudió nuevas soluciones para cumplir con el máximo aislamiento térmico y versatilidad de producción. La gama tradicional y los nuevos productos permite apuntar todos los posicionamiento en el mercado.

IT
Planet, è una soglia per porte scorrevoli dal design essenziale, di facile installazione ed adattabile ad ogni esigenza produttiva.

EN
Planet, is a threshold sliding door system with essential design, easy to install and adaptable to all production needs.

FR
Planet, c'est un seuil pour portes coulissantes avec design essentiel, facile à installer adaptable à toutes exigences de fabrication.

ES
Planet, es un producto único con linea esencial, fácil de instalar y adaptable a todas necesidades de producción.
